

PERIODICO: WONDER WORLD SEASONAL inverno 2017

A CHEF ON STAGE

Naples' new multisensory cinema at via Francesco Crispi, 33 is a Wine&Thecity project in collaboration with HART Cinema Food Music. On the programme are short films, cinema and gastronomy, faces, images, talks, stories and fine wines - an unusual list of food and entertainment events on until 23 March 2017, one Thursday a month from 20:30 to 22:00. The evenings open with the screening of a short film, then the lights go up to reveal a chef on stage, complete with cooking station. The Michelin-starred chef gets to work with the live preparation of a dish to be served to the audience, accompanied by a high-class wine. The chef will be accompanied by an actor, a writer and an artist presenting a dialogue-performance for several voices. An evening of readings, improv, music and words, dishes to enjoy and flavours to recount. www.wineandthecity.it
